- Index.php
  - This is our home page
    - It welcomes you to our site, should be the first displayed
    - It allows for people to navigate to all of our pages
  - Div container at the top, "collapse navbar-collapse"
    - This is the bar seen at the top of the page
    - This bar is the same though out the home.php, movie.php, suggestion.php, and about_us.php pages
    - The collapsibility of it allows for the navigation to be simplified into one container for the mobile site
    - Contains the search bar
  - Website Powered by Netwerks © is found at the bottom of all of our pages

- Login.php
  - Login.css
    - Page that uses the login.css bootstrap
  - The top flicks and Chill photo is a .png file
    - Hosted by imgr
    - This allows so that we don't have to call the photo from a local source.
    - Brings in cookies from imgr
  - Center box
    - Uses a wrapper div contrainer
    - Embedded with username and password fields
    - Contains an ahref link to the sign_up.php for new users
- Sign_up.php
  - Login.css
    - Also uses the login.css cascading sheet style to have seemless transition between login.php and sign_up.php
- Movies.php
  - This is our movie catalogue page
    - This displays the movies title, genre, price, rating, and year
    - The movies are all stored in the MySQL database
    - The titles, cover photos, genre, rating, and year are all drawn from IMDB
  - There two drop down button type filter options ("Filter by genre" and "Other Filters")
    - They both change to a different .php class to filter
      - "Filter by genre" contains {war.php, action.php, comedy.php, horror.php} in <a href> links
      - "Other Filters" contains{price.php, rating.php, yearAscending.php, yearDecending} in <a href> links

- Suggestons.php
    - This page allows for members to suggest new movies to be added to the catalogue
    - A div container is used to contain several text boxes for submission fields, input containers of type = text
    - The placeholder attribute is used to create a greyed out text that disappears when the field is typed in
        - Movie Title
        - Link to the Movie Poster Image(Resized to 120x180)
        - Price
        - Rating
        - Genre
        - Year of release
        - Movie Description and Summery
- Help.php
    - This page contains one main container at the top and several collapsible div containers at the bottom
    - The top container is text that talks about our company Netwerks
    - The bottom containers are panels
        - These panels are used for FAQ questions
        - When clicked on the text or the arrow at the far right, it reveals our answers.
